Solar System Group Foldable

Due: Wednesday, 29-October (beginning of class)

Instructions:

- This assignment is a group project. As a group, you will design a Solar System Foldable and decide what information to include and how to organize it. You group may decide to create one large foldable, or multiple smaller foldables.

- Each individual student will create a copy of the foldable to add to their class notebook.

- You will need to use your foldable to succeed on the Solar System Quiz on Wednesday, 29-Oct.

- Each foldable should include important information about the major bodies and regions of our solar system:
    - Sun, Mercury, Venus, Earth, Mars, Ceres & the Asteroid Belt, Jupiter, Saturn, Uranus, Neptune, Pluto & the Kuiper Belt, Oort Cloud

- Facts included in your foldable should be based on the Solar System Research: Fact Sheet document.
